## Professional Summary :

Full Stack Web Developer with hands-on experience in building scalable web applications using MERN stack. Proficient in JavaScript, React, Node.js, and MongoDB. Skilled at developing secure, user-friendly systems with clean UI/UX and real-world deployment experience. Passionate about continuous learning and building impactful solutions.

## EDUCATION

### Annie Besant College

Bachelor of Science (Computer Science), CGPA : 7.73

Aug 2021 – August 2024

## SKILLS SUMMARY

JavaScript, SQL, HTML, CSS, React.js, Express.js, Bootstrap, Redux Toolkit, MongoDB, MySQL, Node.js, JWT, Git, GitHub, Postman, npm, VS Code

## WORK EXPERIENCE

### GK-Optical | MERN Stack E-commerce Freelance Project

Jan 2025 – Apr2025

- Developed a full-featured e-commerce website for selling sunglasses, eyewear, contact lenses, and accessories using the MERN stack.
- Built a secure admin dashboard with full CRUD capabilities for managing products, blogs, ads, and user data.
- Integrated user authentication with JWT and implemented user features like login, wishlist, cart, and order tracking.
- Integrated Razorpay payment gateway for secure and seamless transactions.
- Designed responsive UI/UX for both frontend and admin panels ensuring smooth navigation across all devices.

## PROJECTS

### EJS CRUD Web App (Server-Rendered)

2025 Present

Personal Full Stack Project using Node.js, Express & EJS

- Built a server-rendered app with Node.js, EJS, MongoDB, and secure user authentication.
- Added full CRUD features with form validation, sessions, and dynamic data handling.

## PROJECT HIGHLIGHTS

Personal & Practice Projects

- Developed a bus reservation system using React and Node.js with multi-user role support and robust input validation; handled 500+ simulated bookings.Implemented full CRUD operations using React and Redux Toolkit efficiently.
- Created Todo apps using both React and vanilla JavaScript with clean UI.
- Developed a responsive news website template optimized for various screen sizes.
- Built a custom slider component with smooth transitions and nav controls.
- Cloned a modern UI using React and Tailwind CSS; improved branding flow and tested across mobile and desktop resolutions.
- Designed a mobile-first restaurant website with elegant and responsive UI.
- Developed a one-page race template with scroll-based animations and effects.

## CERTIFICATE

**Full Stack Web Development Master** – Future Multimedia Indore

**March 2025** Completed

6-month hands-on training in HTML, CSS, JavaScript, React.js, Node.js, Express, MongoDB, and MySQL. Built 3 full-stack projects with deployment and Git version control experience.
